

Past pupil profile

Megan Hughes

Years at Read School:

2002-2015 (Head Girl 2014-2015)

Subjects studied:

I studied Biology, Chemistry, Maths and Physics

Pathway since leaving Read:

I studied at St Anne's College, Oxford, graduating with a degree in Neuroscience. One of my passions at school was hockey and I played for Oxford University, acquiring triple varsity champion status.

Then I completed a PGCE in Biomedical Science at Oxford before taking up a teaching job at Wallingford school, just outside Oxford where I have recently been promoted to Head Key Stage 3 Science.

I am currently considering doing a part time Masters Degree in teaching and learning over the next couple of years.

Memories of Read School:

Read Sixth Form was a fantastic experience. We really gelled as a year group, through the small classes and extra curriculum activities. These included the water sports activity day in Doncaster, Christmas parties and an after school mixed hockey club.

Advice for pupils considering Read School Sixth Form

To anyone considering Read Sixth Form: you get out of it what you put in! The fantastic staff are always there to support you and help you grow personally and academically, but you must make the most of every opportunity the school gives you.
